

How a Student Creates an Account

Teachers: your students can create their own GMM accounts by following these steps. We recommend you create a "sample" student before trying this with a class.

1. Go to www.gmm.getmoremath.com and click **Student**.

2. Choose **New User** at the bottom of the list.

3. Enter the appropriate **Class Code** and other pertinent information and click **Submit**.

A screenshot of the account creation form. At the top is the 'get more math!' logo. The form contains several fields: 'Class Code' (a single text input), 'Name' (two sub-inputs for 'First' and 'Last'), 'Choose your username' (a single text input), 'Create a password' (a single text input), and 'Confirm your password' (a single text input). A blue 'Submit' button is located at the bottom right of the form. A blue arrow points from the left towards the top of the form.

Teacher Note: Find the **Class Code** by clicking the correct class in your **class folder**.
