

How a Student Creates an Account

Teachers: your students can create their own GMM accounts by following these steps. We recommend you create a "sample" student before trying this with a class.

1. Go to www.gmm.getmoremath.com and click **Student**.

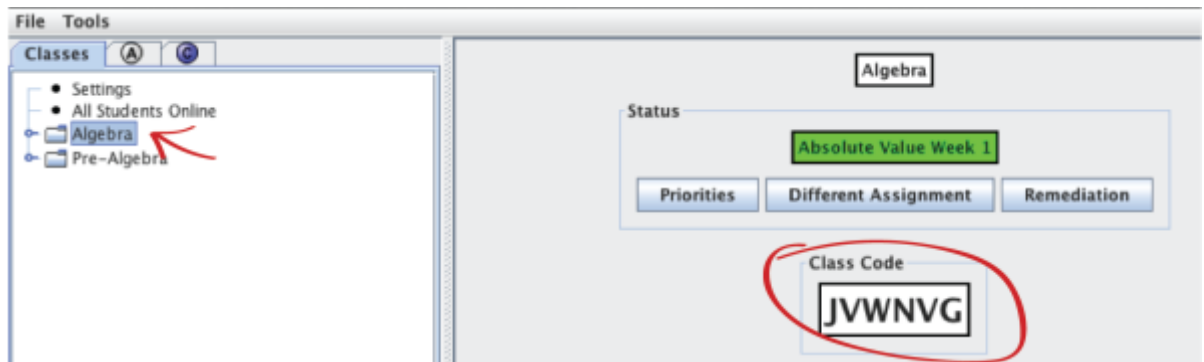

2. Choose **New User** at the bottom of the list.

3. Enter the appropriate **Class Code** and other pertinent information and click **Submit**.

A screenshot of the account creation form on the GMM website. The logo is at the top. The form contains several input fields: 'Class Code', 'Name' (with sub-fields for 'First' and 'Last'), 'Choose your username', 'Create a password', and 'Confirm your password'. A blue 'Submit' button is located at the bottom right. A blue arrow points from the left towards the form.

Teacher Note: Find the **Class Code** by clicking the correct class in your **class folder**.

End
