

## How to Monitor Real-time Progress & Override Current Problems

Using the **Current Status** Table:

1. Under **Classes**, select your class folder, then click **Current Status**.

2. The **Current Status** table gives teachers real-time insight into how students are doing. You can sort your students' statistics by clicking any of the columns.

**Time Wrong** in the Current Status table sorts students by how long it's been since they got a problem right

**Total Today** shows how many problems each student has answered correctly on the first try.

**Stuck/Skip/Wrong Tries** shows stats for the entire assignment.

**Help** displays students who have a "raised hand" in Get More Math.

The **Average** row, on left below the student rows, displays the average points earned in class for the day.

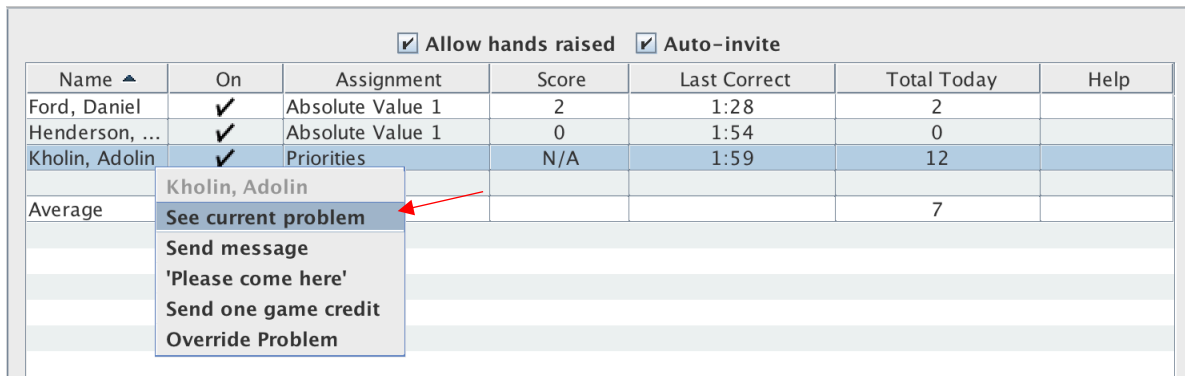

<input checked="" type="checkbox"/> Allow hands raised		<input checked="" type="checkbox"/> Auto-invite		next	helping: Jordan Henderson	See Problem
Name ^	On	Assignment	Score	Last Correct	Total Today	Help
Ford, Daniel	✓	Absolute Value 1	2	2:08	2	
Henderson, J...	✓	Absolute Value 1	0	2:49	0	1
Kholin, Adolin	✓	Priorities	N/A	10	12	
Average					7	

**See a student's current problem and the expected answer:**

There are three ways to see the current problem any particular student is working on.

**Option 1**

1. Right-click the student's name on the class status view
2. Then click **See Current Problem**.

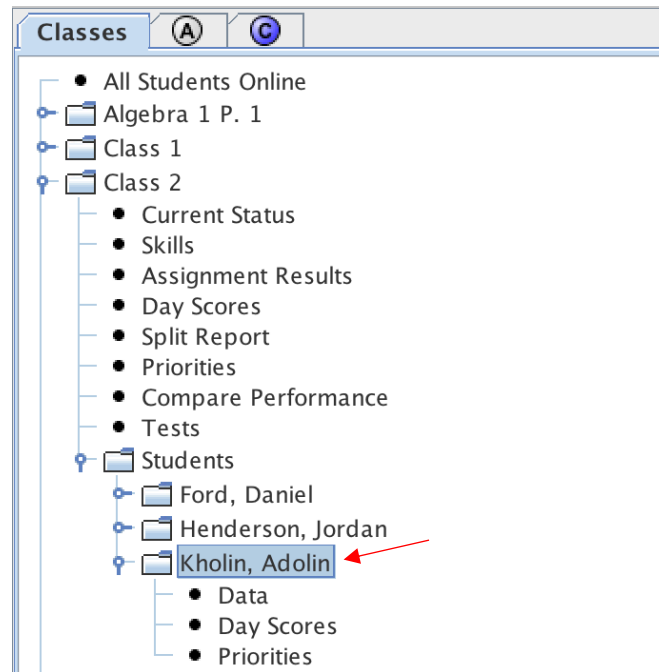

<input checked="" type="checkbox"/> Allow hands raised <input checked="" type="checkbox"/> Auto-invite						
Name ▲	On	Assignment	Score	Last Correct	Total Today	Help
Ford, Daniel	✓	Absolute Value 1	2	1:28	2	
Henderson, ...	✓	Absolute Value 1	0	1:54	0	
Kholin, Adolin	✓	Priorities	N/A	1:59	12	
Average					7	

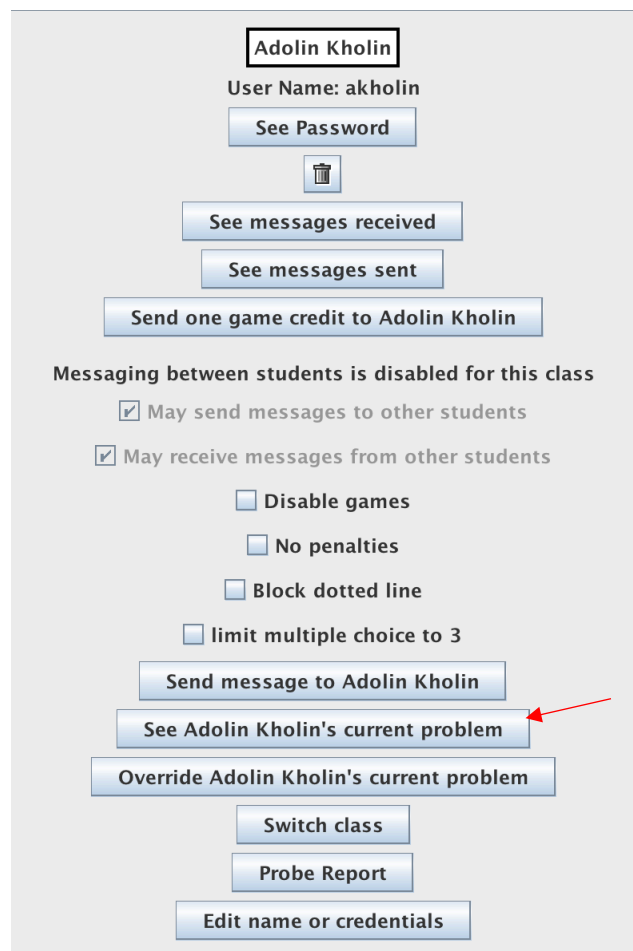

- Kholin, Adolin
- See current problem**
- Send message
- 'Please come here'
- Send one game credit
- Override Problem

**Option 2**

1. Under **Classes**, select your class folder, then click **Students** and select a specific student.

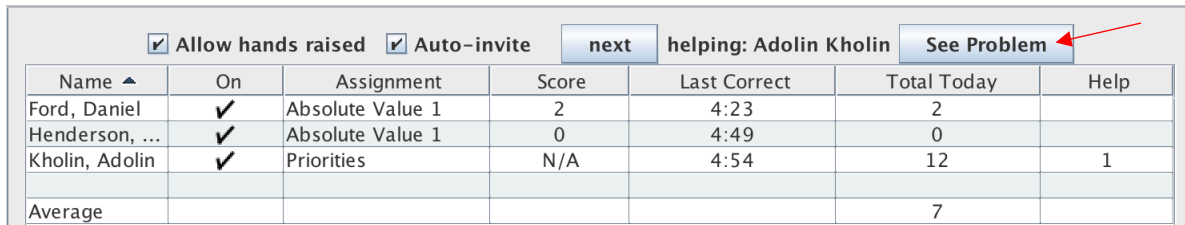

2. The student's information will display on right. Click **See [Student Name's] Current Problem**.

### Option 3

You can see a student's current problem when they use the **Raise Hand** tool in Get More Math.

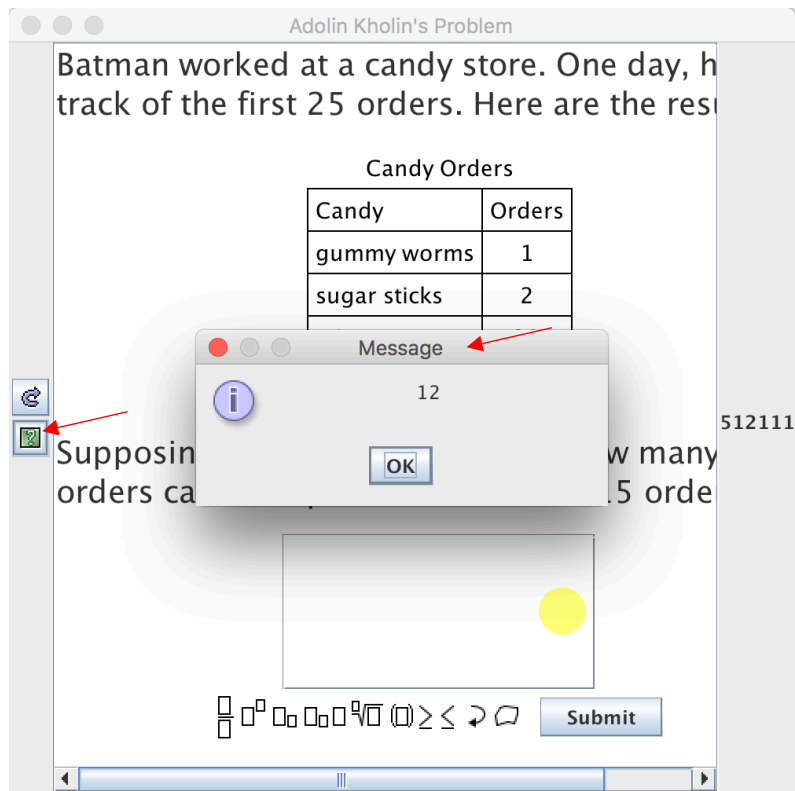

1. When a student uses **Raise Hand**, **See Problem** will automatically display above your Current Status table. Click **See Problem**.

The screenshot shows a classroom management interface. At the top, there are two checked checkboxes: 'Allow hands raised' and 'Auto-invite'. To the right of these is a 'next' button and the text 'helping: Adolin Kholin'. Further right is a 'See Problem' button, which is highlighted with a red arrow. Below this is a table with the following data:

Name ▲	On	Assignment	Score	Last Correct	Total Today	Help
Ford, Daniel	✓	Absolute Value 1	2	4:23	2	
Henderson, ...	✓	Absolute Value 1	0	4:49	0	
Kholin, Adolin	✓	Priorities	N/A	4:54	12	1
Average					7	

2. The student's current problem will display. Click the **question mark button** on the left margin to view the expected answer.

**To override a student's current problem:**

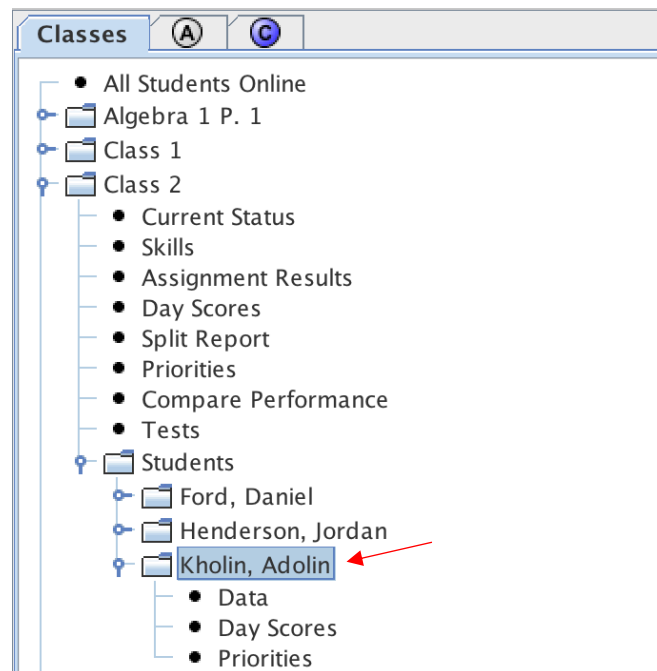

Option 1

1. Right-click the student's name on the **Current Status** view
2. Then click **Override Problem**.

<input checked="" type="checkbox"/> Allow hands raised <input checked="" type="checkbox"/> Auto-invite		next		helping: Adolin Kholin		See Problem	
Name ▲	On	Assignment	Score	Last Correct	Total Today	Help	
Ford, Daniel	✓	Absolute Value 1	2	7:26	2		
Henderson, ...	✓	Absolute Value 1	0	7:52	0		
Kholin, Adolin	✓	Priorities	N/A	7:57	12	1	
		Kholin, Adolin					
		See current problem					
		Send message					
		'Please come here'					
		Send one game credit					
		Override Problem					
Average				7			

## Option 2

1. Under **Classes**, select your class folder, then click **Students** and select a specific student.

2. The student's information will display on right. Click **Override [Student Name's] Current Problem.**
