

Before

Skills Bank

The Skills Bank is *searchable*! Click on the magnifying glass to locate skills by key word or skill code.

Collections are also available by state standards.

Understand the Colors and \$

Know and *understand* what the color ratings mean and how they change from one end of the spectrum to the other. *Understand* how the \$ works and what it represents.

Small Assignments

Keep assignments *small*! Include no more than 3 skills per assignment and 3 points per skill.

Preview Assignments

Use the Preview Button to view and *practice* the problems that your students will be working on. The full screen button can also be used to prepare.

Student Prep

Have your students *watch* the Getting Started Video and complete the activity to get them familiar with how Get More Math works!

During

Guided Practice

Use the Full Screen Button to *model* problems for your students before they work independently.

Model how to do the problems AND how to input answers.

Monitor Students

Use the Current Status screen to *monitor* how your students are doing!

Check on those students whose Time Since Correct has switched to red.

Set a Daily Goal

Set a Daily Goal every day. The goal should include points in the assignment *and* in mixed review. Try doubling or tripling the assignment points.

Mixed Review

Be sure that students are practicing in mixed review *every day*. If necessary, use the Switch to Mixed Review button before the end of class.

Celebrate!

Explain the color rating process to your students and celebrate color changes *early and often* to signify the importance of this process.

After

Reflect

How did it go? Did your students make *progress*? Check assignments, points history, and mixed review. Are there any adjustments to make before tomorrow's lesson?

Resources

Check out our website where you can find *helpful* articles and video resources. You can also find resources for students, administrators, & parents!

Reach Out!

We would love to hear from you and how you are doing! Visit the Connect with Us page on our website to schedule a *quick chat* with one of our trainers.

Ask for Help!

Need help finding a skill? Can't remember how to change a student's password? We are only a click away to help with *anything* you need!
