

Great GMM teachers will:

Before Class

-  Build small assignments to gradually add to Spiral Review.

During Class

-  Start with success using Spiral Review as a warm-up.
-  Use GMM's guided practice options during instruction.
-  Formatively assess during class using Current Status.
-  Set Daily Goal and click Switch to Spiral Review.
-  Have students show work on dry erase boards or paper.

After Class

-  Examine Proficiency as an exit ticket.
-  Check Proficiency, Rotation Time, and Points Distribution.

Provide Additional Support (Remediation)

-  Address any area of concern from class or student data.
-  Use game credits or messages to encourage students.
